Frequently Asked Questions (FAQ)

Find answers here to questions you have about this List of Covered Drugs. You can read all of the FAQ to learn more, or look for a question and answer.

1. What prescription drugs are on the List of Covered Drugs? (We call the List of Covered Drugs the "Drug List" for short.)

The drugs on the List of Covered Drugs that starts on page 8 are the drugs covered by Buckeye. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as "network pharmacies".

Buckeye will cover all medically necessary drugs on the Drug List if:

- your doctor or other prescriber says you need them to get better or stay healthy, ***and***
- you fill the prescription at a Buckeye network pharmacy.

Buckeye may have additional steps to access certain drugs (see question #5 below). You can also see an up-to-date list of drugs that we cover on our website at **buckeyehealthplan.com/NextGenMyCare** or call Member Services at 1-855-445-3562 TTY: 711.

2. Does the Drug List ever change?

Yes. Buckeye may add or remove drugs on the Drug List during the year. Generally, the Drug List will only change if:

- a cheaper drug comes along that works as well as a drug on the Drug List now, or
- we learn that a drug is not safe.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval for a drug. (Prior approval is permission from Buckeye before you can get a drug.)
- Add or change the amount of a drug you can get (called "quantity limits").
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)
- (For more information on these drug rules, see page 2.)

We will tell you when a drug you are taking is removed from the Drug List. We will also tell you when we change our rules for covering a drug. Questions 3, 4, and 7 below have more information on what happens when the Drug List changes.

You can always check Buckeye's up to date Drug List online at **buckeyehealthplan.com/NextGenMyCare**. You can also call Member Services to check the current Drug List at 1-855-445-3562 TTY: 711

3. What happens when a cheaper drug comes along that works as well as a drug on the Drug List now?

If you are taking a drug that is removed because a cheaper drug that works just as well comes along, we will tell you. We will tell you at least 60 days before we remove it from the Drug List or when you ask for a refill. Then you can get a 60-day supply of the drug before the change to the Drug List is made.

We will mail you a notice if you are taking a drug, and we change our rules for covering it. You will receive the notice by mail at least 60 days before we remove the drug from our List of Covered Drugs. Or, we have to tell you when you request a refill of the drug. If we tell you when you refill your drug, you will receive a 60-day supply of the drug. For more information on these drug rules, see below. If you have questions about the notice you receive from Buckeye, call Member Services at 1-855-445-3562. TTY Users should call 711. Hours are from 8 a.m. to 8 p.m., Monday through Friday.

4. What happens when we find out a drug is not safe?

If the Food and Drug Administration (FDA) says a drug you are taking is not safe, we will take it off the Drug List right away. We will also send you a letter telling you that. If you have any questions after being notified of the change, you should contact the doctor who prescribed the drug for you.

5. Are there any restrictions or limits on drug coverage? Or are there any required actions to take in order to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

Prior approval (or prior authorization): For some drugs, you or your doctor or other prescriber must get approval from Buckeye before you fill your prescription. If you don't get approval Buckeye may not cover the drug.

Quantity limits: Sometimes Buckeye limits the amount of a drug you can get.

Step therapy: Sometimes Buckeye requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking at the drug list starting on page 8. You can also get more information by visiting our web site at **buckeyehealthplan.com/NextGenMyCare**. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. You can ask for an "exception" from these limits. Please see question 11 for more information on exceptions.

If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List, or if you cannot easily get the drug you need, we can help. We will cover a 31-day emergency supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Buckeye member.

This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please see question 11 for more information about exceptions.

6. How will you know if the drug you want has limitations or if there are required actions to take to get the drug?

The List of Covered Drugs on page 8 has a column labeled "Drug Tier" and "Requirements/Limits".

7. What happens if we change our rules on how we cover some drugs? For example, if we add prior authorization (approval), quantity limits, and/orstep therapy restrictions on a drug.

We will tell you if we add prior approval, quantity limits, and/or step therapy restrictions on a drug. We will tell you at least 60 days before the restriction is added or when you next ask for a refill. Then, you can get a 60-day supply of the drug before the change to the Drug List is made. This gives you time to talk to your doctor or other prescriber about what to do next.

8. How can you find a drug on the Drug List?

There are two ways to find a drug:

- You can search alphabetically (if you know how to spell the drug), or
- You can search by type of drug.

To search **alphabetically**, go to the Alphabetical Listing section. You can find it by reviewing the index of drugs.

To search **by type of drug**, the header of each section is labelled with the types of drugs contained in that section. These headers are organized alphabetically. For example, to find drugs used to treat ulcers, review the section labelled Ulcer Drugs.

9. What if the drug you want to take is not on the Drug List?

- If you don't see your drug on the Drug List, call Member Services at 1-855-445-3562 (TTY: 711)
- and ask about it. If you learn that Buckeye will not cover the drug, you can do one of these things:
- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. He or she can prescribe a drug on the Drug List that is like the one you want to take. ***Or***
- You can ask the health plan to make an exception to cover your drug. Please see question 11 for more information about exceptions.

10. What if you are a new Buckeye member and can't find your drug on the Drug List or have a problem getting your drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of Buckeye. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our Drug List, ***or***
- health plan rules do not let you get the amount ordered by your prescriber, ***or***
- the drug requires prior approval by Buckeye, ***or***
- you are taking a drug that is part of a step therapy restriction.

If you live in a nursing home or other long-term care facility, you may refill your prescription for as long as 91 to 98 days. You may refill the drug multiple times during your first 90 days in the plan. This gives your prescriber time to change your drugs to ones on the Drug List or ask for an exception.

Throughout the plan year, you may have a change in your treatment setting (the place where you get and take your medicine) because of the level of care you require. Such transitions may include, but are not limited to:

- Members who are discharged from a hospital or skilled-nursing facility to a home setting Members who are admitted to a hospital or skilled-nursing facility from a home setting Members who transfer from one skilled-nursing facility to another and are served by a different pharmacy
- Members who end their skilled-nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who now need to use their Part D plan benefit
- Members who give up Hospice Status and go back to standard Medicare Part A and B coverage Members discharged from psychiatric hospitals with highly individualized drug regimens

For these changes in treatment settings, Buckeye will cover as much as a 31-day temporary supply of a Part D-covered drug when you fill your prescription at a network pharmacy. If you change treatment settings multiple times within the same month, you may have to request an exception or prior authorization and get approval for continued coverage of your drug. We will review these requests for continuation of therapy on a case-by-case basis when you are on a stabilized drug regimen that, if changed, is known to have risks. To ask for a temporary

supply of a drug, call Member Services.

11. Can you ask for an exception to cover your drug?

Yes. You can ask Buckeye to make an exception to cover a drug that is not on the Drug List. You can also ask us to change the rules on your drug.

- For example, Buckeye may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior approval requirements.

12. How long does it take to get an exception?

First, we must get a statement from your prescriber supporting your request for an exception. After we get the statement, we will give you a decision on your exception request within 72 hours.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

13. How can you ask for an exception?

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception.
