

Prenatal Risk Assessment Form (PRAF)

A complete PRAF helps Moms receive the best support for a healthy pregnancy

Provider Benefits of submitting a PRAF

The electronic PRAF 2.0 has multiple benefits with one, simple submission:

- Automatically notifies the Ohio Department of Job and Family Services County Office, Managed Care Plan, and Home Health Care provider of the pregnancy, need for progesterone and any other need indicated on the form. The paper form needs faxed in order to do this.
- Allows for an Ohio Board of Pharmacy approved Progesterone prescription to be printed and faxed to the appropriate pharmacy.
- Allows provider staff updates by multiple users prior to submission.
- Maintains a pregnant woman's Medicaid eligibility without disruption in coverage-equating to prompt provider payment for services throughout mom's pregnancy.

Payment for Completing the PRAF

After completing the PRAF, submit a claim based on the guidelines below

Code + modifier	Description	Fee Schedule Amount*
H1000	PRAF submission	\$12.10

**Providers contracted rate would be applied to the fee schedule amount to determine final payment*

The Managed Care Plans may offer you additional payment for completing the PRAF! Reach out to your Managed Care Plan contact below for more details.

Ensuring Prompt Care

Every pregnant woman with Medicaid coverage should be linked to needed services on her very first prenatal visit. An online PRAF 2.0 submission ensures:

- Medicaid coverage for Mom and baby without disruption through the immediate post-partum period.
- Serves as pregnancy notification to managed care plans and initiation of timely health care and connection to added resources, like care management, important for at-risk pregnancies.
