# Continuity of Care Program

Buckeye Health Plan is committed to supporting your efforts to provide the highest quality of care for our members. We are excited to announce that effective Feb. 2021, Buckeye will launch the Continuity of Care (CoC) program (formerly known as Partnership for Quality, or P4Q). Our 2021 Program incorporates Appointment Agendas, HEDIS and Pharmacy measures into one comprehensive program. Ask your health plan representative for additional information on the Quality incentives.

## Appointment Agenda

The CoC program is designed to support your outreach to members for annual visits and condition management, which will help us better identify members who are eligible for case management programs. The program achieves this goal by increasing PCP visibility into members' existing medical conditions for better quality of care for chronic condition management and prevention. Providers earn incentive payments for proactively coordinating preventive medicine and thoroughly addressing all of the patients' current conditions to improve health and providing appropriate clinical quality of care. Our members benefit from this program by receiving more regular and proactive assessments and chronic condition care. **Please note, the CoC program is in addition to any current Buckeye incentive program and does not replace it.**

Provider is eligible for a bonus for each completed Appointment Agenda (Disease Conditions/Continuity of Care portion only) with verified/documented diagnoses.

### 2021 PROGRAM YEAR: DATES OF SERVICE JAN. 1, 2021 - DEC. 31, 2021

- Assess as many members as possible for their disease conditions during the performance year, correctly code confirmed conditions on claims and specify the conditions that do not exist, using the check-box function on the dashboard.
- Members included in the program are those with disease conditions that need to be addressed annually.
- Members are selected at the beginning of the program and are subject to change in future programs.
- Members are listed under their assigned provider's CoC dashboard, but can be moved to the attributed provider upon your request to the health plan.
  - For member movement, speak with your Provider Representative.
- Assessed member is defined as 100% of the gaps are addressed.
  - Gap addressed by submitting diagnosis code on medical claim OR
  - Gap addressed by checked exclusion box in dashboard.
    - The health plan will monitor provider exclusion boxes that are checked on a consistent basis.
  - The provider has submitted a state acceptable paid claim demonstrating that an assessment in a provider's office was performed.
