Ask the parent to respond to the following statements about the child:

Yes      No

- Please tell me any concerns about the way your child is behaving or developing

---

- My child is able to play by him/herself for short periods of time.
- My child is able to leave me when in a known place.
- My child enjoys playing with other children.
- My child can tell when others are happy, mad or sad.
- My child can copy a circle.
- My child eats a variety of foods.
- My child knows his/her name, age and sex.
- My child can jump off a step with both feet.

Ask the parent to respond to the following statements:

Yes      No

- I have people who assist me when I have questions or need help.
- I am enjoying my time with my child.
- I have time for myself, partner and friends.
- I feel safe with my partner.
- I feel confident in parenting.

Provider to follow up as necessary

**Developmental Milestones**

Always ask parents if they have concerns about development or behavior. (You may use the following screening list, or a standardized developmental instrument or screening tool. Tool Used: \_\_\_\_\_).

Child Development			Parent Development		
Dresses self	Yes	No	Appropriately disciplines child	Yes	No
Rides a tricycle	Yes	No	Parent is loving toward Child.	Yes	No
Is understandable to others 75% of the time	Yes	No	Positively talks, listens, and responds to child.	Yes	No
Shows preference for parent or caregiver	Yes	No	Parent uses words to tell child what is coming next	Yes	No
Seeks comfort from parent when upset	Yes	No			

Please note: Formal developmental examinations are recommended when surveillance suggests a delay or abnormality, especially when the opportunity for continuing observation is not anticipated. (*Bright Futures: Guidelines for Health Supervision of Infants, Children, and Adolescents*)

### Health Tips:

Your child still needs about two cups of milk every day. Offer a variety of fruits and vegetables daily. Water is a healthy drink so offer it instead of sweetened drinks.

Help your child brush his teeth every day with a pea-sized amount of fluoride toothpaste. Make sure he gets a dental checkup once a year.

Teach your child to wash her hands well after playing, after using the toilet, and before eating. Use soap and rub hands together for about 20 seconds.

Each child develops in his own way, but you know your child best. If you think he is not developing well, call your child's doctor or nurse and tell them your concerns.

### Parenting Tips:

Your child learns best by doing. She needs to:

- Play active games (tag, ball, riding wheeled toys, climbing)
- Play imagination games (using dolls, toys, story books)
- Play with toys that uses her hands (blocks, big puzzles)
- Limit television and computer time to 1-2 hours a day

Help your child feel good about himself and others:

- Praise your child every day
- Be consistent and clear about your child's behaviors that are okay or not okay
- Use discipline to teach and protect your child, not to punish him or make him feel bad about himself
- Help your child "use his words" when having a disagreement instead of hitting, kicking, or biting

When you are a parent you will be happy, mad, sad, frustrated, angry and afraid, at times. This is normal. If you feel very mad or frustrated:

1. Put your child in a safe place and walk away.
2. Call a friend or your partner. It can help to talk about what you are feeling.
3. Call Cooperative Extension for classes-614. 688.5378
4. Call 800.448.3000 or visit Boystown Parenting Hotline at (<http://www.parenting.org/hotline/index.asp>). They will not ask your name, and can offer helpful support and guidance. The helpline is open 24 hours a day.

### Safety Tips

Check your home for dangers often. Your child is not old enough to stay away from things that could harm her, like matches, guns, and poisons. Lock those things up!

Continue using a car seat until your child weighs 40 pounds or around age 4. After that, use a booster seat until your child is 4'9" or age 8. Keep your child in the back seat.

Make sure your child uses a helmet whenever he rides a tricycle, scooter, or other toys with wheels.
