Your Child's Health at 5 Years

Milestones

Ways your child is developing between 5 and 6 years of age.

- Recognizes her own printed name
- May form special groups of friends and may be jealous of others
- Takes turns
- Feels proud of himself and his accomplishments
- Helps with family chores
- Able to follow rules at home and school and respect authority
- Beginning to learn rules for simple games
- Riding a bicycle and learning to swim

For Help or More Information:

Social Support Services: Contact the local county Department of Job and Family Services Healthchek Coordinator

Child sexual abuse, physical abuse, information and support:

Childhelp National Child Abuse Hotline1-800-4-A-CHILD (1-800-422-4453) or online at www.childhelp.org

Domestic Violence hotline:

National Domestic Violence Hotline - (800) 799-SAFE (7233) or online at www.ndvh.org

Safe Gun Storage Information:

Call 1-202-662-0600 or go to www.safekids.org.

Poison Prevention:

Call the Poison Control Center at 1-800-222-1222

Parenting skills or support:

Call Cooperative Extension for classes-614. 688.5378

For help teaching your child about fire safety:

Talk with firefighters at your local fire station

Health Tips:

Continue to take your child for a check-up each year with a doctor or nurse.

Your child will still need you to help get all of her teeth brushed well. Make sure to take her for a dental check-up at least once a year.

Parenting Tips:

Eat together as often as possible. Turn off the TV and the phone, and enjoy each other.

Listen when your child talks to you. Look at him and pay attention. Then answer or ask about his ideas. Let him know that what he thinks and says is important to you.

Talk with your child about how to avoid sexual abuse. Teach your child about privacy and teach that adults shouldn't ask her to keep secrets from you or show their private parts or ask to see your child's private parts. Tell your child she should say "no" and that she should tell you if anyone tries to harm her.

Limit TV or computer time so your child also has time for books and active play. Read storybooks with him daily. Take your child outside often to play.

Help your child feel good about herself and others:

- Praise your child every day
- Be clear about behaviors that are okay or not okay
- Help your child use words when she is feeling upset instead of hitting, kicking, biting or saying mean things
- Talk to your child about why teasing other children is wrong and what she should do instead

If you feel very mad or frustrated with your child:

- 1. Make sure your child is in a safe place and walk away.
- 2. Call a friend to talk about what you are feeling.
- 3. Call Cooperative Extension for classes-614. 688.5378
- 4. Call 800.448.3000 or visit Boystown Parenting Hotline at (http://www.parenting.org/hotline/index.asp). They will not ask your name, and can offer helpful support and guidance. The helpline is open 24 hours a day.

Safety Tips

Booster car seats are for big kids! Use a booster in the back seat with lap/shoulder belts.

Your child should always wear a lifejacket around water, even after he has learned to swim.

Always watch your child closely when she is near the street. Children are not ready to ride bikes safely on streets or cross streets without an adult until they reach at least age 9. Your child is not old enough to always behave safely around vehicles.

Teach your child to never touch a gun. If he finds one, he should tell an adult right away. Make sure any guns in your home are unloaded and locked up.
