

# COVID-19 Telecom Policies

Mike DeWine, Governor  
Lori Criss, Director

Ohio Department of Mental Health and Addiction Services (OhioMHAS) is committed to supporting a full continuum of mental health and addiction treatment services for all Ohioans during the COVID-19 pandemic. In order to maintain critical access to prevention, treatment and recovery services, OhioMHAS has expanded telehealth rules to reduce barriers experienced due to recommended physical distancing. However, not all Ohioans have equal access to phone, internet, or cell service. OhioMHAS has compiled this reference sheet to assist the behavioral health community in removing barriers to individuals accessing successful telehealth services.

## Accessing free wi-fi telecommunication resources

Innovate Ohio, in partnership with Broadband Ohio has compiled a list of easy to access locations where Ohioans can connect to free wi-fi hotspots. A list of Ohio's free wi-fi hotspot locations, and how to access the services, [can be found here](#).

A variety of connectivity resources can also be found at <https://connectednation.org/coronavirus/>.

## Telecommunication carrier COVID-19 policies and resources

In addition to publicly provided free wi-fi access, to date, over 700 private telecommunication companies have signed the FCC's Keep Americans Connected Pledge. This means that for 60 days, these companies pledge to not terminate residential or small business services due to non-payment, to waive late fees, and to open Wi-Fi hotspots to anyone who needs them. More information on this pledge can be found [here](#).

Many telecom companies have adopted temporary COVID-19 policies and are offering free or reduced services and increased data usage limits during the coronavirus pandemic, and more. For the most up-to-date information on these policies, click the links below for the following providers:

- Charter Communications (Spectrum): Free Spectrum Internet and Wi-Fi for 60 days to households with K-12 and/or college students and educators: <https://policy.charter.com/press-releases/charter-offer-free-access-spectrum-broadband-wifi-60-days-new-k-12-college-student-households/>
- CenturyLink: Suspended data usage limits, offering increased broadband speeds: <https://news.centurylink.com/covid-19>
- Cincinnati Bell: Providing free speed upgrades: <https://www.cincinnati-bell.com/special-pages/coronavirus/prevention>
- AT&T: Two months of free service, and waiving data usage overage fees: <https://www.att.com/shop/internet/access/index.html?source=ECmj000000000mbU&wtExtndSource=access#!/>
- Verizon: Automatically adding hotspot data for customers: <https://www.verizonwireless.com/support/covid-19-faqs/>
- Consolidated Communications: Two months of free home internet to low-income families: <https://>

[www.consolidated.com/support/alerts/coronavirus-updates](http://www.consolidated.com/support/alerts/coronavirus-updates)

- Windstream Ohio, Inc / Kinetic: Discounts to any new Kinetic Internet customer who is qualified for Lifeline benefits: <https://www.windstream.com/about/windstream-information/lifeline-assistance-program>

### **Publicly subsidized telecommunication services (Lifeline) access during the COVID-19 pandemic**

Lifeline is the FCC's program to help make communications services more affordable for low-income consumers. Lifeline provides subscribers a discount on monthly telephone service, broadband Internet access service, or voice-broadband bundled service purchased from participating providers.

To help keep Americans connected during the coronavirus pandemic, the FCC has temporarily waived Lifeline usage requirements and general de-enrollment procedures until May 29, 2020. An FCC order, released on March 30, will help ensure that no current Lifeline subscribers are involuntarily removed from the Lifeline program during this time of national crisis. The order also extended a recent waiver of the program's recertification and reverification requirements to May 29, 2020, and directed the Lifeline program administrator to pause any involuntary de-enrollment of existing subscribers until that date.

OhioMHAS contacted Ohio's Lifeline services providers about their specific COVID-19 policies. The following list details the findings, and includes contact information for each company.

# Ohio Lifeline Wireless Providers and FCC Pledge – COVID-19 Policy Search

Mike DeWine, Governor  
Lori Criss, Director
