Dear Provider,

Enclosed you will find the Buckeye Health Plan Synagis® Authorization Guidelines for the 2017-2018 RSV Season. These guidelines were developed based on the 2014 recommendations of the American Academy of Pediatrics and recently reviewed under the guidance and consultation with key opinion leaders.

Buckeye Health Plan will use our preferred provider of Synagis®, AcariaHealth, for the 2017-2018 RSV Season. Beginning immediately, all requests for Synagis® should be forwarded to AcariaHealth for initial screening to determine if the request meets criteria for coverage. A copy of the enrollment form is enclosed. When submitting the request, please include the NICU discharge summary to expedite the review process.

AcariaHealth will be responsible for the delivery of the injectable product and the overall coordination of the drug distribution process. All injectable products will be billed directly to Buckeye Health Plan by AcariaHealth and shipped to your office. Administration charges for the injection should be billed directly to Buckeye Health Plan on a (HCFA) CMS 1500 claim form using CPT code 96372 (Administration) and CPT code 90378 (Medicine). You can also bill for an appropriate office visit for each administration of the drug.

AcariaHealth is one of the nation's leading comprehensive specialty pharmacy companies, offering healthcare solutions through a unique brand of specialty pharmacy services. With AcariaHealth, patients and their parents, have ready access to patient-centered care and support to help simplify the complexities of RSV.
