

# MAMMOGRAMS *can help save lives*

Breast cancer is the second most common cause of cancer-related death for Ohio women. Buckeye Health Plan encourages you to get your annual breast cancer screening. When it's detected early, most breast cancer can be treated successfully.

## *Did you know:*

85%

of breast cancers can be detected by mammograms.

Mammograms lower the risk of dying from the disease.

## **Get your no-cost breast cancer screening**

Mammograms (breast X-rays) are a screening tool that can find breast cancer early when it's most treatable. And getting a mammogram has never been faster or easier! Most exams take 30 minutes or less. Talk to your doctor about the right breast screening plan and schedule for you.

## **Earn \$75 for completing a mammogram!**

Female Buckeye members ages 50 to 74 earn **\$75 in My Health Pays®** rewards for an annual breast cancer screening. Use rewards to pay for everyday items you need at Walmart® and Sam's Club® or on rent, utilities and more.\* Rewards are added to your card automatically and are good for a full year.
